

Environmental Health & Safety Coordinator

Work location: Thorndale, Ontario
Status: Full time permanent

Sollio Agriculture, the Agri-business Division of La Coop Federee, is a Canadian leader in the agriculture industry. It specializes in the merchandising of farm inputs and value-added agronomic services. It benefits from a synergy between three sectors: livestock production, crop production and grains. Present in almost every part of Canada, it has close to 1,100 employees in Canada and abroad. For more information about Sollio Agriculture, visit sollio.ag.

This exciting and unique opportunity is to work within The Agromart Group which operates 22 franchised Joint Venture (JV) retail businesses in Ontario and the Maritimes. Selling agricultural crop input products that continues to grow as an industry leader in Eastern Canada. The successful candidate would be responsible for providing environmental health & safety guidance, along with operational support to The Agromart Group retail locations as well as the Agromart Terminal Inc. business.

THE CHALLENGES WE OFFER

- Act as the Environment, Health & Safety (EH&S) leader for The Agromart Group of retail businesses, Agromart Terminal Inc, and the Belton office;
- Implement and maintain comprehensive training program(s) that maintains compliance within all regulatory responsibilities we are required to adhere to;
- Use assessment tools and make recommendations to increase the effectiveness of the Health & Safety (H&S) program across the group of JV Partners;
- Participate in planned site inspections at all JV Partner locations and provide a formal report that is reviewed and understood by the individual JV Partner;
- Participate, investigate, and communicate the root cause of an incident to avoid similar situations and share the corrective actions across the JV network;
- Participate in developing specific return to work programs for individuals trying to integrate back into a modified work program;
- Liaise with the Sollio Agriculture Environmental team to ensure the environmental initiatives (National Pollutant Release Inventory (NPRI) reporting) are clear and followed through at each Agromart;
- Participate in the environmental assessments at individual JV locations. Stay current with and communicate actions taken regarding the Registry set for each business to ensure our reduction of open items plan stays on track;
- Participate and/or present in business related activities aligned with your objectives, such as the bi-annual Partner Meetings.

This position requires frequent travel in eastern Canada. A valid driver's license is essential.

YOU FIT THE FOLLOWING PROFILE
